Dear Mr. Rea:

It was a pleasure meeting you on January 9<sup>th</sup> to discuss the initiatives that Macomb County is undertaking in *Macomb County - Defining Business and Life*. You really are to be complimented for this project, as the value Macomb County will realize from both international business and enhanced relationships with the community members will be measurable.

Alberto Flores, Yarkpazuo Bah-Deh and I would be happy to provide additional input, should you desire, as the partnership with Macomb County and the Michigan Department of Civil Rights has long term benefit, as well. Call me if you would like further information sharing.

Sincerely,

John Golaszewski  
Community Relations Coordinator
